

CONCRETE SERVICE SCHOOLS

REGISTRATION OPENS

MONDAY, NOVEMBER 1, 2021

We succeed by helping you succeed.

That's why we strive to keep our Concrete Service School on the leading edge. Our commitment to the concrete industry is stronger than ever. As a result the Concrete Service School has become the industry leading training experience. A team of experienced professionals from RexCon and leading companies in the industry will provide thorough classroom and hands-on instruction teaching proper care, use, and preventative maintenance of RexCon controls and equipment. Learn to reduce costs by increasing production, reducing down time, and extending the life of your equipment. Breaks and evening events will offer the opportunity to exchange information with fellow students, as well as with our service professionals and engineers.

Our goal is to provide the most valuable experience for all attendees. During the training sessions of training, instructors and attendees together will cover topics including:

Basic and enhanced control operation

Dynamic moisture control

Adjusting freefalls and jogs

Bin mapping

PLC Hardware

Reports

Diagnostics and troubleshooting

Plant components including general maintenance, conveyors, water meters, electrical troubleshooting, tilt mixers, discharge sequencing, and new products.
